

Alice!

December 11-13 and 17-20, 2009

Written by James Jackson Leach

Directed by Justin LaVergne

From the twisted mind of the Chaotic Theatre Company, comes a story about a young girl's descent into madness. Along this journey she meets characters with sinister smiles and outrageous personalities.

Throughout the show you will experience interactions like never before; menacing laughter will fill your ears and engulf your mind. You will be torn between two worlds; the harsh reality of blackthorn asylum and the fantastical world of wonderland.

Don't be afraid if you feel a slight caress around your ankles and a twinge down your spine. Based on the eccentric stories by Lewis C. Carroll, the Chaotic Theatre Company brings you, Alice!
