

ZOMBIE INFLUX

by Jeff Hartz, with Nox Arcana

19 Tracks, with a total running time of 45:19 min.

Collaborating with Nox Arcana, Jeff Hartz has created a fun little audio tribute to George Romero and the zombie genre. Along with some good atmospheric background music, this CD has news reports about the doomsday virus which seems to be taking over the world. It's kind of like if a zombie outbreak was to really happen, this would be the soundtrack. As usual with anything Nox Arcana is involved with, the production value is top notch and great to have this playing in the background during any haunted or Halloween event.
